SKU: PND-7306
Project uses 1 piece

Matte Black Oxidized Plated Slim Rolo Chain 2mm Bulk By The Foot
SKU: CHA-99957
Project uses 2 feet

Artistic Craft Wire Copper Permanent Black Color 24 Gauge 10 Yards
SKU: WCR-2403
Project uses 6 inches

Black Finish Pewter Open Oval Jump Rings 6mm 20 Gauge (50)
SKU: FJR-6000
Project uses 3 pieces

Black Finish Lead-Free Pewter 3/8 Inch Anna's Toggle Clasp (2)
SKU: FCL-7707
Project uses 1 piece

G S Hypo Cement Precise Applicator Essential!
SKU: XTL-1001
Project uses 1 piece

Specialized Tools

Bead And Pearl Knotting Tweezers Great Price
SKU: XTL-4000

Instructions:

1. Put a very small dab of glue (XTL-1001) onto the back of the Fuchsia flatback crystal (SWF-10984)(use a pair of tweezers to lift the crystals XTL-4000). Place the crystal onto the center, front of the key loop (PND-7306) (see photo). Alternate the Light Rose crystal (SWF-10980) and the Fuchsia crystals until the front loop of the key is covered (see photo).

2. Now glue the crystals onto the bottom part of the key as seen in the photo.

3. Wire wrap the Swarovski heart (SWBB-3611) like a briolette. Set aside.

4. Open one of the jump rings (FJR-6000). Link the jump ring onto the very center link of the chain, the hole in the key, and the wire wrapped heart. Close the jump ring.

5. Open another jump ring. Link the jump ring onto one of the end links of chain and the "T" bar of the toggle. Close the jump ring.

6. Open the last jump ring. Link the jump ring onto the other end link of chain and the loop on the toggle clasp. Close jump ring. You're finished!

Please refer to photo for more detailed information about this project.
