

## Wisdom of the Ages Pendant Necklace

Project N669

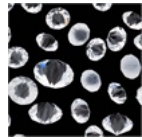

Designer: Julie Bean

This necklace looks forged from the earth, like it holds the secrets of ancient times past. I love the faux amethyst drusy effect which has been created with Crystal Clay and Crystal Splash - the look is raw, timeless, and mystical.

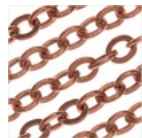

### What You'll Need

Beadelle Collection Crystal Splash Assorted Clear Crystal Mix (1 oz)

SKU: BDLL-9998  
Project uses 1 package

Nunn Design Antiqued Copper Plated Chain Flat Cable 4mm By The Ft

SKU: CHA-9811  
Project uses 3 feet

Nunn Design Antiqued Copper Plated Channel Bead Pendant 32mm (1)

SKU: PND-6972  
Project uses 1 piece

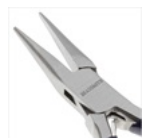

Crystal Clay 2-Part Epoxy Clay Kit 'Dark Purple' 25 Grams

SKU: TRC-236  
Project uses 1 package

### Specialized Tools

Beadsmith Jeweller's Micro Pliers Chain Nose Flat Nose

SKU: XTL-5511

### Instructions:

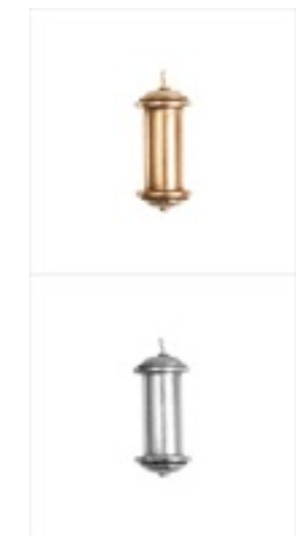

1. To make this project, start by watching the video: How to Make a Faux Drusy Ring. You will not be making a ring, but you will be using the same technique.
2. Mix up a small amount of dark purple Crystal Clay. About a ball that is 3/4" in diameter. If you are not familiar with how to mix Crystal Clay, please see the video [HERE](#).
3. Roll your ball into a more egg-like shape and then flatten with your fingers so that it can easily wrap around your Nunn Design antique copper plated channel bead pendant. Push the clay into the channel part of the pendant, to the edges, and also to the point where the two ends meet on the backside and create a seam. Keep manipulating the clay with your fingers until it feels evenly distributed and covers every part of the channel.
4. Now, apply Crystal Splash to the clay in the same manner as illustrated in the video. Apply crystals all the way around the pendant. If there looks to be gaps, add more crystals. Let dry.
5. Take your 3 feet of chain and fold in half to find the middle chain link. Open the loop at the top of your pendant and connect it to this middle chain link. Close the loop back up.
6. Your chain actually consists of a series of open links connected together. Open the end link on one side (the same way you would open a jump ring) and connect it to the end chain link on the other side of your necklace. Close the link back up.
7. All done!

No clasp is needed for this necklace as it easily slips over the head!

### Variations

Choose a silver or gold colored pendant or even different colors of Crystal Clay for fun variations on this project.

When substituting in items, pay attention to sizes and styles to make sure all your pieces will fit together.
