

Morning Frost Necklace

Project N7021

Designer: Rachel Zaimont

A Beadelle pave crystal pendant sparkles like ice in the morning sun in this boutique-style delicate necklace. Tiny Swarovski crystal beads add to the piece's frosty shimmer.

Instructions

These instructions will make a 19 inch necklace. For a longer or shorter necklace, adjust the length of chain attached to each side.

1. Take one eye pin and string four Swarovski crystal 3mm round beads. Make a simple wire loop.
2. Repeat step 1 three more times, so you have four components with four crystal beads each.
3. Take one eye pin and string one Swarovski crystal blue shade 4mm round bead. Make a simple wire loop.
4. Repeat step 3 three more times, so you have four components with one crystal blue shade bead each.
5. Take one component with four crystal beads and open the loop at one end the same way you would open a jump ring. Attach the loop to the loop at the top of the Beadelle pave triangle pendant.
6. Take one component with one crystal blue shade bead and open the loop at one end. Attach it to the loop at the other end of the four-bead component from the previous step.
7. Take another component with four crystal beads and open the loop at one end. Attach it to the loop at the other end of the one-bead component from the previous step.
8. Take another component with one crystal blue shade bead and open the loop at one end. Attach it to the loop at the other end of the four-bead component from the previous step.
9. Using flush cutters, cut a 7 inch length of silver chain. Open the loop at the other end of the one-bead component from the previous step and slide on the last link of the length of chain. Close the loop.
10. Repeat steps 5 through 9 using the remaining components and another 7 inch length of chain to create the other side of the necklace.
11. Open one 3mm jump ring. Slide on the last link of chain on one side of your necklace, and also slide on the loop of the clasp. Close the jump ring.
12. Open one 4mm jump ring. Slide on the last link of chain on the other side of your necklace.
13. Enjoy!
