

## Sparkly Starfish Necklace

### Project N7045

Designer: Rachel Zaimont

Make this beach-themed necklace featuring a pretty Nunn Design starfish stamping and matte gold plated rolo chain. Swarovski crystal flat back rhinestones in seashore hues complete the look.

G S Hypo Cement Precise Applicator Essential!

SKU: XTL-1001

Project uses 1 piece

### Recommended Tools:

[XTL-5511] Beadsmith Jeweller's Micro Pliers Chain Nose Flat Nose, [XTL-5514] Beadsmith Jewelry Fine Round Nose Micro Pliers, [XTL-4011] The Crystal Katana - Flatback Applicator Tool

## Instructions

These instructions will make a 24 inch necklace. For a longer or shorter necklace, adjust the length of chain used.

1. Take 1 Nunn Design starfish stamping and line the back side with a thin layer of Hypo Cement glue. Place the stamping, glue side down, onto the front of your Nunn Design antiqued gold circle pendant. Center the starfish on the pendant without covering up the hole of the pendant. Set aside to dry for a few minutes.
2. Next, use the precise applicator of the Hypo Cement tube to paint a thin layer of glue onto one triangular section of the front of the circle pendant, between two of the starfish's arms. Use the Crystal Katana to place Swarovski crystal flat backs in Crystal Metallic Sunshine close to the center of the starfish. Then place Swarovski crystal flat backs in Light Turquoise along the outer portion of the triangular section. (You don't have to place them in neat rows; use an uneven pattern to mimic waves on the beach!) Let dry for a few hours.
3. Using your pliers, open a jump ring. Slide it through the hole of the circular pendant, and also slide it onto your length of chain. Close the jump ring.
4. Open another jump ring. Slide it through the last link of chain on one side of the necklace, and also slide on the loop of your matte gold lobster clasp. Close the jump ring.
5. Open another jump ring. Slide it through the last link of chain on the other side of your necklace. Close the jump ring.
6. Enjoy your necklace!
