

Tiana Slider Necklace

Project N7071

Rachel Zaimont

A silver adjustable slider clasp lets you slip this elegant snake chain over your head and then cinch it at the collarbone for a sleek choker.

[XTL-5511] Beadsmith Jeweller's Micro Pliers Chain Nose Flat Nose, [XTL-5514] Beadsmith

Jewelry Fine Round Nose Micro Pliers

Instructions

This piece adjusts from a longer necklace to a choker, depending on your preference.

1. To see how to make this necklace from start to finish, please watch the video: [How to Make a Quick and Easy Adjustable Slider Necklace](#). In this video, you'll see how to remove the clasp from your finished snake chain necklace and feed the ends through a silver adjustable slider clasp.

2. Slip the chain over your head and pull the ends through the slider clasp to tighten the choker. Let the ends dangle at asymmetrical lengths for visual appeal. Note: Do not pull the ends of the chain out of the slider clasp every time you wear the necklace - that will wear out the silicone core of the slider bead.
