Wire/Soft Flex

## Instructions

Watch our video on how to make a delicate layered necklace trio with finished chains for layering tips, tricks, how-to and inspiration.

1. Open a 4mm jump ring. Slide it through the loop at the top of 1 Swarovski crystal channel charm, and slide the jump ring onto the 16 inch saturn chain necklace. Close the jump ring.
2. Take your 18 inch cable chain necklace and find the midpoint. Cut the chain link in the middle with flush cutters.
3. Open a jump ring and slide it through the hole on one side of the TierraCast connector bar. Also slide it through the last link of chain on one side of the center, as shown in this video. Repeat this step to connect the other side of the bar to the other side of the necklace.
4. Open another jump ring. Slide it through the loop at the top of the Swarovski crystal raindrop pendant, and also slide the jump ring onto the 24 inch rolo chain necklace. Close the jump ring.
5. Wear your necklaces in layers: the saturn chain on top, the cable chain with the bar in the middle, and the long rolo chain below. Enjoy!
