

# Ring of Fire Necklace in Crystal

## Project N7084

Rachel Zaimont

Antiqued Nunn Design components lend this elegant charm necklace a timeworn yet trendy appeal, while a brilliant Swarovski crystal creates a focal flash.

Wire/Soft Flex

## Instructions

In addition to the materials listed, you will also need a toothpick or scrap of wire. These instructions will make a 24 inch necklace. For a longer or shorter necklace, adjust the length of chain used (for a longer necklace, you will have to purchase an additional foot of chain).

1. Take a bit of E6000 glue on the tip of a toothpick or a scrap of wire. Dab the glue around the inner edge of 1 Nunn Design open back bezel. Take 1 Swarovski crystal cushion fancy stone and press it into the bezel. Let the glue dry for 14-16 hours, or overnight.
2. Using flush cutters, cut two 12 inch lengths of chain.
3. Open a jump ring. Slide it through the loop at the top of the open back bezel charm, and also slide it onto the gold hoop. Close the jump ring.
4. Open another jump ring. Slide it through the first link of one length of chain, and also slide it onto the gold hoop. Close the jump ring.
5. Open another jump ring. Slide it through the first link of your second length of chain, and also slide it onto the gold hoop. Close the jump ring.
6. Open another jump ring. Slide it through the last link on one side of your necklace, and also slide on the loop of your clasp. Close the jump ring.
7. Open another jump ring. Slide it through the last link on the other side of your necklace. Close the jump ring. Enjoy your necklace!
