

Modern Muse Necklace

Project N782

Julie Bean

Clean. Bold. Modern. This necklace is classically beautiful with its simple triangle shape filled with natural colored white concrete.

Project uses 1 piece

Recommended Tools:

[XTL-5511] Beadsmith Jeweller's Micro Pliers Chain Nose Flat Nose

Instructions

Please note you will also need a disposable mixing cup, some way of measuring tablespoons and teaspoons, tap water, and something such as a popsicle stick to stir your concrete.

1. Please watch the video: [How to Make Concrete Jewelry](#).
2. In the video you will learn how to mix your concrete and pour it into a bezel. Based upon what you learned, pour concrete into your triangle bezel. Let

fully cure.

3. While your concrete is curing you can make your chain. To make your chain, please watch the video: How to Use Chain Tags to Finish Necklaces. This video will show you how to make the necklace.

4. Once your piece is cured, open a jump ring and connect it to the loop at the top of your triangle pendant as well as your chain. Close the jump ring back up.

5. All done, enjoy!
