

Celestial Stamped Necklace

Project N826

Julie Bean

A star, a moon, and a sun have been hand stamped onto this sweet necklace. Accenting the images is a sparkling Swarovski Crystal channel charm. This project could easily be customized with a date stamp or initial.

Instructions

Please note you will also need a paper towel for this project.

1. To see how to make this project, please watch the video: How to Make a Bride and Groom Metal Stamped Necklace. You will follow all the instructions in the video except that you will use black patina to fill in the lines of the stamping.

2. To use the patina, apply paint the patina over the stampings. Let dry for just a couple seconds and then wipe it off. What is left should be patina in the recessed area of the stampings.

3. Enjoy!
