

INSTRUCTIONS

These earrings are fun and easy to make. You will be making simple wire loops on top of the beads and wrapped wire loops on top of the pendants.

1. To begin, please watch the video: [How to Make a Simple Wire Loop for Jewelry Making](#). After you have watched the video, place the 12mm crystal round bead onto an eye pin and make a simple wire loop on the other side. Trim your wire end.
2. Place an 8mm briolette and 5mm round bead onto an eye pin and make a simple wire loop on the other side. Trim your wire end.
3. Next, please watch the video: [How to Make a Wrapped Wire Loop on a Pendant Using a Head Pin](#). Based on what you learned in the video, please cut the ball off your head pin and create a wrapped wire loop above your pendant.
4. Now to connect your earring, do the following: open the simple wire loop on one side of your 12mm bead and connect it to the wrapped wire loop on top of your pendant. Close the loop. On the other side of the 12mm bead, open the simple wire loop on that side and link it to the segment with the briolette and round bead (link it to the loop near the briolette). Close the loop. Finally, open the loop near the 5mm round bead and connect it to your earring finding. Close the loop.
5. Repeat the previous steps to make your other earring. Enjoy!
