This project would make a great gift idea!

1. **To make this earring, start by placing the bicone bead, followed by the round bead, onto a head pin.**
2. **Create a wrapped wire loop after the round bead and trim off excess wire.**
3. **Open the loop at the base of the earring hook, the same way you would open a jump ring, and slide on the wrapped wire loop from the previous step. Close the loop.**
4. **Repeat the previous 3 steps to make your matched earring pair. Enjoy!**
