

You can choose to make this necklace as long as you like. The tubes of seed beads will provide enough beads where you do not have to worry about ordering more beads or running out if you choose to make it longer.

1. First, cut and place 60 inches of thread onto your needle.
2. Next, watch the video: [Beading Tutorial: How to Make a Seed Bead, Dagger and Button Loop Necklace](#). This video will show you every step of the process for making this necklace (including how to tie off your threads). Enjoy!
