Feel free to change the pattern of the flatback crystals—have fun! You will also need some toothpicks for this project to use as glue applicators.

1. Looking at the photo, and using a toothpick, place a dot of E6000 glue where you want to put a flatback on the TierraCast fern leaf focal. Then using your rhinestone pick-up tool, pick up and place a flatback crystal onto the glue. Follow the pattern in the photograph and place each flatback one by one. Do this for all three leaves and let dry overnight.
2. Place an Olive bead onto an eye pin. Create a simple wire loop right after the Olive bead. Trim excess wire. Create a total of 4 of these.
3. To connect your bracelet, you will be opening and closing the simple wire loops on the eye pin/crystal combos. You will open and close them just like jump rings. Connect your bracelet in the following order: half a clasp, crystal/eye pin, fern leaf, crystal/eye pin, fern leaf, crystal/eye pin, fern leaf, crystal/eye pin, 2nd half of the clasp. All done. Enjoy!

WHAT YOU'LL NEED: (scroll down for purchase options)

- **PRES-2088-SKY16 - PRESTIGE 2088 SS16 Rose Flatback Crystal Sky Ignite**
  Project uses 27 piece(s). You will need 27 package(s).
- **PRES-2088-LIN16 - PRESTIGE 2088 SS16 Rose Flatback Crystal Linen Ignite**
  Project uses 24 piece(s). You will need 24 package(s).
- **PRES-5044-CGS9 - PRESTIGE Crystal, #5044 Olive Bead 9.5x8mm, Crystal Golden Shadow (1 Piece)**
  Project uses 4 piece(s). You will need 4 package(s).
