SKU: XTL-5511

Xuron Sharp Flush Cutter Pliers - Wire/Soft Flex

SKU: XTL-5600

Wire Looping Pliers - Concave And Round Nose

SKU: XTL-5032

## Instructions:

1. Before you begin, watch the video: How to Make a Bobble Ring with a Loop Ring Base.
2. Take five 4mm coral crystal faux pearls, five 4mm turquoise crystal faux pearls, and four 4mm jade crystal faux pearls, and put each one onto a 22k gold plated 1", 22 gauge head pin. Create a simple wire loop after each bead.
3. Use the wire loops to attach the beads to a 22k gold plated seven loop beading ring, as demonstrated in the video. Mix up your colors and put two beads into each loop on the ring.

## Variations

Choose from the wide selection of crystal faux pearls and pick a ring base in a finish to match.

When substituting in items, pay attention to sizes and styles to make sure all your pieces will fit together.
