

Opal's Ring in Rainbow Blue

Project R1010

Designer: Megan Milliken

This pretty cocktail ring features a rainbow foiled faux blue opal glass cabochon set into an antiqued brass bezel ring. It's super quick and easy but quite eye catching.

Instructions

1. Watch the instructional video: How to Use Beadfix Squares. As shown in the video, peel off one side of the paper on a Beadfix square.
2. Place a rainbow foiled faux blue opal glass cabochon flat side down onto the sticky surface of the Beadfix square. Trim around the cabochon with scissors.
3. Remove the paper backing and press the cabochon into an antiqued brass bezel ring setting. Press firmly into place.
