Instructions

1. Before you begin, watch the video: How to Use the Vintaj Regal Ring Bracelet Blank to familiarize yourself with this component.
2. As demonstrated in the video, choose your desired ring size and bend the blank around a ring mandrel at the proper size mark.
3. Use E6000 adhesive to glue an assortment of cogs and gears from a package of Lisa Pavelka Micro Elements to the front of your ring blank. Try layering them on top of each other and play with different combinations until you like the way it looks.
4. Allow the glue to dry thoroughly before wearing.
