Project uses 1 piece

Czech Crystal Silver Plated Rhinestone Cup Chain 24PP Light Rose (By The Foot)

SKU: CHA-10115

Project uses 4 inches

Crystal Clay 2-Part Epoxy Clay Kit 'White' 25 Grams

SKU: TRC-251

Project uses 1 package

### Recommended Tools:

[XTL-5600] Xuron Sharp Flush Cutter Pliers - Wire/Soft Flex

### Instructions

1. Watch the instructional video: How to Use Crystal Clay.
2. Prepare a piece of white crystal clay and smooth it into the silver tone bezel ring base.
3. Press the textured iridescent glass button into the center of the bezel until the button shank rests against the bottom of the bezel.
4. Smooth the clay around the edges of the button, removing any excess.
5. Cut a piece of light rose silver plated rhinestone chain long enough to fit in the space around the button (about 21 links) and press it into place. Press it down until the rhinestones sit (slightly angled) at the same level as the button. See photos for reference.
6. Allow the clay to fully cure before wearing.
