Instructions

1. Before you begin, watch the instructional video: How to Make the Desi Rhinestone Cup Chain Vintage Style Earrings. This video will walk you through the process used to create earrings in this style. You'll be doing pretty much the same thing, but using a bezel ring setting instead of bezel earring findings.
2. Cut a length of 24pp jet rhinestone silver plated cup chain that is 13 links long. Then cut a length of 18pp turquoise rhinestone silver plated cup chain that is 9 links long.
3. Place a thin layer of glue into the bottom of a silver plated bezel ring setting. As demonstrated in the video, place the jet cup chain along the edge of the bezel, making sure to collapse down the spaces between the links. Then place the turquoise cup chain inside the rose.
4. Put some extra glue into the center opening and carefully place an ss29 jet crystal chaton into the opening. Make sure that it's level, not tilted to one side at all.
5. Allow the glue to dry thoroughly before wearing.
