

Trudy Ring

Project R2002 [Skill Level: Beginner]
Designer: Kat Silvia

Take a time warp with Neon Crystal Clay. It may scream 80's but it is a trend that is very "hot" right now.

Instructions:

Before you begin, watch our video: [How to Use Crystal Clay](#).

1. I recommend wearing gloves for the first part of this project.
2. Take equal part of both Part A and Part B. Form a ball that is about 22mm (Containing both parts) to fit on the ring finding.
3. Mix the two parts together in your hands until there is one uniform color with no marbling.
4. Press your mixed clay into the bezel setting on your ring.
5. Gently try to smooth out any fingerprints by running the tip of your finger lightly over the surface.
6. Take the beeswax applicator that comes with your crystal clay kit. You may follow my pattern of chatons by referencing the photo above or you may make your own pattern if you choose.
7. Let dry in an upright position for 24 hours.

Variations

The Crystal Clay Neon colors can really make your jewelry pop!

When substituting in items, pay attention to sizes and styles to make sure all your pieces will fit together.
