SKU: SWCH-51408

Project uses 11 pieces

Nunn Design Deep Bezel Ring, Oval 23x30mm, 1 Ring, Antiqued Gold

SKU: FRG-1036

Project uses 1 piece

Instructions

For this project please watch our video: [How to Use Crystal Clay](#). I recommend wearing gloves for the first part of this project.

1. Take equal part of both Part A and Part B. Form a ball that is about 22mm (Containing both parts) to fit on the ring finding.
2. Mix the two parts together in your hands until there is one uniform color with no marbling.
3. Press your mixed clay into the bezel setting on your ring.
4. Gently try to smooth out any fingerprints by running the tip of your finger lightly over the surface.
5. Press the fancy stone into the center of the crystal clay.
6. Take the beeswax applicator that comes with your crystal clay kit. Gently press the chatons into the clay. There is no set pattern in this ring. Simply place the chatons one at a time in your desired position. Please see the photo for reference.
7. Let dry in an upright position for 24 hours.
