SKU: SWF-41671
Project uses 2 pieces

Specialized Tools

Bead And Pearl Knotting Tweezers Great Price

SKU: XTL-4000

Instructions:

The back of this owl stamping is hollow and the eye area protrudes out. Be sure to use enough glue on the flat back of your ring to ensure a secure fit. You may also want to use a pair of chain nose pliers to flatten down the protruding eyes so the rhinestone flatbacks glue on flat.

1. Begin by adding a dime sized amount of glue onto the flat pad of your adjustable ring.
2. Take your owl stamping, flip it over, and place it onto the flat pad of your ring. Since the back of your owl face stamping is hollow, press your ring down all the way into the glue until it is secure. If you feel as though more glue is needed, go ahead and add more. The glue will dry in the crevices of the owl stamping.
3. Set your ring aside, facing up, until it is fully dry.
4. Next, add a small dab of glue onto the eyes of the owl stamping. Then using a pair of tweezers, gently glue on the Smoked Topaz rhinestone flatbacks.
5. Keep your ring still facing up and set aside to dry.
6. Your ring is done.

By purchasing three more owl stampings, you will have all the supplies to complete a set of four rings.

Variations

Look through a variety of SWAROVSKI ELEMENTS rhinestone flatbacks and pick your favorite color.

When substituting in items, pay attention to sizes and styles to make sure all your pieces will fit together.
