Instructions

1. With your flush cutters, cut a length of Czech glass pearl cup chain that is 18 pearls long.
2. Next, please watch the video on How to Use Crystal Clay .
3. Following what you learned in the video, put your gloves on and mix a small gum ball sized piece of white Crystal Clay and place it in the center of your antiqued gold Nunn Design ring bezel. Spread the clay to cover the ring bezel, making sure to not get any clay outside of the bezel.
4. Next, take your SWAROVSKI ELEMENTS Crystal fancy stone in Crystal SF and gently place it onto the center of your Crystal Clay. Gently push it in place, making sure to leave about 2.7mm for your row of cup chain.
5. Next, take your row of pearl cup chain and carefully line it around your focal stone and push into place.

6. Allow your ring to cure over night and enjoy!
