Instructions

1. Before you begin, please watch the video on How to Make the Sparkly Bauble Ring.
2. Following what you learned in the video, carefully pour your seed beads into the hole on the back side of your half round globe. (You can use a sheet of paper as a funnel or just carefully take your time and pour).
3. Set your half globe aside, with the hole facing up.
4. Add a dab of glue onto the base of your bright silver tone adjustable bezel ring. While covering the hole with your finger, place your half round globe onto your ring bezel, flat side down.
5. Hold in place and prop upward to dry. That's it!
