Project uses 1 piece

Swarovski Crystal, 1088 Xirius Round Stone Chatons pp14, 40 Pieces, Paradise Shine

SKU: SWCH-514548

Project uses 52 pieces

## Instructions

1. Before you begin, please watch the video on How To Use Crystal Clay.
2. Following what you learned in the video, put on your gloves and make a gum ball sized amount of Dark Purple Crystal Clay. Roll it into an oval shape.
3. Take your Crystal Paradise Shine Swarovski crystal fancy stone and press it into the center of the clay dome on your ring. Keep pressing until all the outer edges of the crystal are under the surface of the clay. At this point, use your fingers to push the clay up around the sides of crystal too. See photo.
4. Using the beeswax tipped toothpick that came with your Crystal Clay kit, pick up chatons one by one and place them into the clay. I began by making a row along the edge of the ring, followed by another row next to that one. Try and get them as close together as possible but not overlapping. If you are unsure how to pick them up, please see the video on how to use the Magical Pick (it will be the same technique).
5. Let cure overnight. Enjoy!
