

Celestina Ring

Project R3043

Designer: Karlin Jones

Brightly faceted and sparkling with hues of purples and greens, the Celestina ring makes a statement with Swarovski crystal.

SKU: FRG-1036

Project uses 1 piece

Crystal Clay 2-Part Epoxy Clay Kit 'White' 25 Grams

SKU: TRC-251

Project uses 1 piece

Recommended Tools:

[XTL-5600] Xuron Sharp Flush Cutter Pliers - Wire/Soft Flex

Instructions

1. Before you begin, watch the video on How to Use Crystal Clay .
2. Following what you learned in the video, put on your gloves and mix a gumball sized amount of white Crystal Clay.
3. Fill your Nunn Design ring with clay, making sure to leave enough room for the Swarovski Crystal as well as the strip of cup chain.
4. Using your flush cutters, cut a 28 cup length of opal cup chain.
5. Place your Swarovski crystal fancy stone into the center of the clay. Carefully push in, remembering to leave room along the edges.
6. Add on your strip of cup chain. Push the chain in and try not to get any clay outside of the bezel. I placed my cup chain slightly on its side to give a "scalloped bezel" look to my ring.
7. Keep your ring upright to cure over night.
8. You're done!
