

Neopolitan Peyote Ring

Project R8005

Alexandra Smith

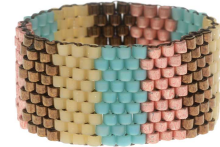

This bead woven ring features a Miyuki Delica color palette of four tones reminiscent of the traditional Neapolitan color scheme. Odd count peyote stitch culminates in a seamless join for a clean, invisible finish.

Instructions

This ring measures size 8. To modify the length, adjust the number of units woven.

1. If you are new to peyote bead weaving, please watch our video: [How to Flat Odd-Count Peyote Stitch](#). Using what you have learned in the video, begin by cutting 4 feet of beading thread. String on your needle and a stopper bead.
2. Weave your desired length of flat odd-count peyote stitch that is 9 beads wide, creating repeating bands of each color that are 3 beads long in the following order: bronze, pink, turquoise, and white (see photo for reference).
3. To create the seamless join for your ring, please watch the video: [How to Zip Up Peyote Stitc With a Seamless Join](#). Using what you have learned, connect the two sides of your ring by weaving them together as shown in the video. Tie off and weave in your thread. Enjoy your ring!
