Standard Size Beading Crimping Pliers (For 2x2mm & 2x1mm Crimp Beads)

Instructions

Necklace (or wrapped bracelet if you prefer)

1. Begin by cutting a 34 length of black beading wire. Place a bead stopper on one end, approximately 4 inches from the tail. String onto your beading wire 1 brass crimp bead.
2. Next, string 1 Czech seed bead 8/0 true red, 1 brass bead cap, 1 Czech fire polished glass 8mm round bead red coral, another bead cap, another true red seed bead, 1 antique brass sleek noodle tube bead, another true red seed bead, 1 antique brass diamond cut-out 6mm round bead, another true red seed bead, and finally another antique brass sleek noodle tube bead. Repeat this same sequence another 9 times.
3. String onto your beading wire 1 Czech seed bead 8/0 true red, 1 brass bead cap, 1 Czech fire polished glass 8mm round bead red coral, another bead cap, another true red seed bead, and a brass crimp bead.
4. At this point, if you are wanting to wear this as both a necklace and bracelet, then place a bead stopper on the end you just finished stringing and wrap the beads around your wrist. Do you like how it looks? If it doesn't feel right, either remove a couple beads so that it fits snugger or add another couple beads to complete another full wrap.
5. String on one half of your brass magnetic clasp via the loop at the base. Pull your beading wire through the loop and back around and back down through the crimp bead and several beads adjacent to it. Pull snug and crimp the bead.
6. Go back to the other side of your necklace and remove the bead stopper. String on the other half your clasp. Pull the beading wire back through the crimp bead and several beads adjacent to it. Pull snug and crimp the bead.
7. Take a brass crimp bead cover and fit it on top of the crimp bead you just crimped. Using your chain nose pliers, squeeze the sides of the crimp bead cover together so that the gap is closed and it completely covers your crimp bead. Repeat this same step on the other side of your necklace, covering that crimp bead as well.
